BUILDING SERVICES CONSULTANTS

## CASE STUDY

### 50 SHAKESPEARE STREET NOTTINGHAM

Refurbishment of 50 Shakespeare Street for Nottingham Trent University.

In conjunction with the NTU Estates Team, Allsop Consult Ltd provided full mechanical design and energy/carbon emission calculations to enable refurbishment of this Grade II listed building, originally constructed in 1887.

Designed with a high standard of energy efficiency, this building delivered operational energy use well below that expected for a building of its age and type.
